I visited your site while searching for information about Ramadan. A fellow student (Muslim) was explaining the holiday to me and I wished to discover more about it and see if a gift was appropriate.

I found your section devoted to British Muslims very informative and helpfull.

Unfortunately I am unable to congratulate you on a very fine web site because of your section devoted to the \'Satanic Verses\'.

I agree that such a book is very insulting to the Islamic faith, but so what?

Insulting another persons religion is a sin. But ultimately it is a small sin because it hurts no one.

Excellent, really helping me understand Islam and I know now that this is for me, all my life I have been searching for a better explanation of God and jesus than my current religion (Church of England) can supply, I was never convinced about their explanation of Jesus, but Islam explains it perfectly, I will be declaring that Allah is god and will live as a muslim.

Salam,

I find the information on your website very informative. It addresses most of the issues that are of concern to not only me but also other Muslim youth as well. This is my second visit to the website and I find it quite helpful as well. The layout is good as well and simple to follow, maybe it can be made a bit more advanced to enhance the navigation. The only problem I see which is really small one is that maybe there can be smaller sections containing similar information.

Thank You,
Faizan

I have learned that I know very little about Islam, and that I need to examine this site more thoroughly.

While, as an American, I have mixed feelings about the situation we find ourselves in, I MUST do more to inform myself about Islam.

I know some Arabic people in my area who are the kindest most gentle people in all the world who have a real respect for human life. Yet, out there, in the Internet, I don't know how much gentleness and respect for human life I will find.

For instance; why do you view me as an Infidel??? An infidel to what, to whom?? God, Yaweh, Allah, Buddah, to me, are all in one. He appears to us according to our culture.

May our God in Heaven guide us to an understanding and a respect of eachother before we make more mistakes than we have already made!!! I still am in shock as to the mistakes in Iraq!!!! It was the wrong direction, in my humble opinion. But, who listens to me???? The only thing I have to do is pay my taxes!!

May God bless you and all of us in this world and help us to become more like Him.

I pray for you now more than ever.

I will revisit your site to learn more. Thank you for having it available to all of us.

Ramadan Karim wa salaamu alaykum
Obviously you are well acquainted with the books of al-Buni & Jawahir al-Khamsa? Can you provide a list of other such books and how to obtain them?
Also, your web pages that contain the Ta\'wiz are excellent but the problem is that the pictures are not clear.
Would you kindly send them to me as attachments and make them larger so the are legible?
Also, this type of knowledge is very rare today and its difficult locating a true Master, what do you advise?
Wa salaam

I didn\'t look much on this site, but I was interested about what you said and didn\'t say about Palestine. Perhaps the Israelis have killed people unnescessarily (did I spell that right?) but how many innocent people have the Palestinian terrorists killed? How many lives have the bombings on the schoolbusses claimed? How many, and how many more? What do you expect the Israelis do? You say a genocide, but is that so far from what the Palestinians are doing to them, what the Inquisition tried to do, what Hitler and the Nazis tried to do? You say we rail on about Hitler, but if we do, we only do so to make sure it doesn\'t happen again, to ensure that the 65 mil. civilian casualties are not claimed again. All the Israelis are trying to do is defend their country, not to mention their lives. What would you do in their place?

I am concerned that first you emailed when I did not request it and then the prayerinislam.doc that you sent me had a virus that my computer said there is not known cure. So this says that wither you are unaware or your site is not really a true muslim site. However once look at your prayer document I will say I believe you are unaware howeve Allahu Alim. My personal recommendations about your prayer file (the one online for I refuse to download the virus one), you should never use All caps completely in a book also color should only be used to emphasize and this is based on my being in computers for over 15 years. Using all caps on the computer is classified as shouting and is classed as rude. Please check your computer for a virus also your website for it your computer is affected when you upload files they also may have been aaffected.

reference. In Islam, reference is very important to prevent bid\'a
which may be very harmful to the aqeedah of a muslim.

Dear Brother

In the Coran, the father of Yusuf told him not to tell dream to his brothers.

It is better to keep dream inside your heart, or share it with the people you love and trust the most. True dream are revealed for you

Dear Sir,
Perhaps some information on how to interpret dreams would be useful.
Also you interpreted some of your dreams using references from Ibn Sireen, does this not contradict the fact that Ibn Sireen clearly illustrated that there is no such thing as one size fits all in dream interpretations?.

this is one of the best islamic sites i've visited.it made me proud and happy of being a muslim which made me very grateful to ALMIGTY ALLAH for he has guided me and blessed me by creating me especially as a muslim.My advice to all muslims in the world is that they should be mindful of their duties to ALLAH by abiding by the rules and regulations of islam.It will be a greate lost for any muslim to end up in the hell fire after the bounties he has been bestowed with for being a muslim.The letter to non muslims attracted me so much that i invited my non muslim friends to read it and also the permission to print, download and even to connect to personal web pages.may the ALMIGTY ALLAH bless this work of yours with jan-natil firdaus.

i like the fact that someone is working for the benefit of all muslims.. especially the youth.. like myself, because i must admit that numerous issues are surfacing regarding islam and this creates confusion among us. so, i thank you in behalf of all those who were enlightened upon visiting your site. however, with all due respect, may i suggest that you minimize using super bright colors in highlighting the pages because instead of being attracted, it causes distraction. also, may i add that again, with all due respect, please minimize using the word \"i\" because it denotes self-centeredness, although i know you're far from being selfish (as can be seen in your efforts to promote islam). insha Allah (swt) i'll be looking forward to morevisits in this site, but less color and \"i\"s...

Dear Umar, I read you page on \'The philosophy of Islam\' and find it lacking, for you talk of the belief in Allah\'s messengers, but the true philosophy of islam is the belief in the MESSAGE of PEACE UNTO ALL OR INTO THE DARK YOU FALL -

So the true philosophy all must adhere to is the one where the TRUE BELIEVER extends peace, mercy, compassion, and forgiveness unto all -
- Thus they receive an EQUAL and JUST return from Allah within Allah\'s ONE divine Law - \'As you do is done unto you on an \'eye for an eye basis\'

I believe that you are a good man - please tell all of my web site <

Salamalikum alhumdillah I think its a very interesting, informative and helpful site. May Allah swt bless you for ure efforts. My question is: there an educated Dream Interpretator in your organization who writes all these dreams I mean whre do you get some tremendous information from I am very interested to learn more about it as myself doing in-depth research on dreams in Islam and their position. Because I am to teach some people within my community both school, work and friends and family. Since some people don\'t believe in dreams I wanted to know the proof from Quran about dreams and how do we know which is a true dream because if I can get in touch with an Imam or person who is educated within the matters of interpreting dreams that will be great...

Jazakallah

How does a person get to heaven?
If you ask most people this question, they will say something like, \"If you do more good things than bad things, God will probably let you into heaven.\" The above thinking will reserve your place in hell. You need FAITH IN THE BLOOD OF JESUS. There are no good deeds that you can do on your own that will erase the sins that you have committed. Jesus SHED BLOOD for you sins. He came to save you from the GUILT of past sins and the POWER of sin over your life. You are about to read the most important information that you will ever read. It is called the gospel of Jesus Christ.

The word \"gospel\" means \"message\"*. The gospel is God's message to mankind. If you will yield to the gospel, you will be reconciled to God and you will escape eternal damnation in hell and the lake of fire. Besides all of this, you will have abundant life right now as you walk with the Creator of the universe--in spite of all the woes the world will throw at you. If you are full of doubts, ask Jesus to help you to understand and to be willing to be saved.

*many say the word gospel means, \"good news\" but in actuality it is only good news for those who receive it with singleness of heart. To others it is the stench of death...eternal death. Revelation 14:6-7 tells us the message of the everlasting gospel--\"Fear God, and give glory to him; for the hour of his judgment is come: and WORSHIP HIM that made heaven, and earth, and the sea, and the fountains of waters.\" There is only one way to do this--through the blood of Jesus Christ. REPENT ye and BELIEVE the gospel!

The Bible says that nobody is good enough to get into heaven. Each one of us has broken God's commandments--not one person is excepted.

You have personally lied and committed other sins.

For all have sinned, and come short of the glory of God. (Romans 3:23)

[L]et God be true, but every man a liar...(Romans 3:4)

I don't care how much "good" stuff you do, you still can't go to heaven. You are dead in trespasses and sins. Your good deeds do not commend you to God in any way. You've ignored Him choosing to live life the way YOU see fit.

But we are all as an unclean thing, and all our righteousnesses are as filthy rags; and we all do fade as a leaf; and our iniquities, like the wind, have taken us away. (Isaiah 64:6)

According to the above verse, we still come up short even when we try to do good deeds BECAUSE we are not doing them under God's authority. We do them cause WE think they are good. We ignore what God says.

"But I never killed anybody and I'm not a dope addict!" You're still a spiritual crook. You have broken the GREATEST COMMANDMENT IN THE BIBLE and you are as guilty as a harlot, a whoremonger, a killer, a thief and a liar. What is the greatest commandment?

Matthew 22:36-38 Master, which is the great commandment in the law? Jesus said unto him, Thou shalt love the Lord thy God with ALL thy heart, and with ALL thy soul, and with ALL thy mind. THIS is the first and great commandment.

It doesn't take much thinking to know that the unregenerate man has broken this commandment every day of his miserable life. Ungrateful, unthankful to the God that hath provided life to his carcass.

For those stuck on their "good" deeds like hellbound papists (who go about to establish their OWN righteousness instead of hearkening to the Bible,) if we could earn our way into heaven, Jesus died for nothing!

I do not frustrate the grace of God: for if righteousness come by the law, then Christ is dead in vain. (Galatians 2:21)

God is Holy. We are sinful. By His very nature, God cannot have fellowship with us sinners. There is no amount of "good" that we can do to make up for our crimes against God. They must be punished. And the wages are DEATH. Somebody has to DIE. Oh, you'll die physically, sin requires that. But you've got a choice about dying spiritually...

We deserve the death penalty. This includes both physical death (the casket) and spiritual death (when the soul is separated from God and cast into hell).

[T]he wages of sin is death...(Romans 6:23)

God doesn't want to remain your enemy and He does not want you to go to hell.

As I live, saith the Lord GOD, I have no pleasure in the death of the wicked; but that the wicked turn from his way and live: turn ye, turn

ye from your evil ways; for why will ye die... (Ezekiel 33:11)

The Lord is...not willing that any should perish, but that all should come to repentance. (II Peter 3:9)

In spite of your wickedness and rebellion, God loved you enough to send His ONLY BEGOTTEN Son to die for your sins. The Bible says, \"... thou shalt call his name JESUS: for he shall save his people FROM their sins.\" (Matt 1:21). Jesus did not die so that you could keep sinning and go to heaven. He came to save you from the GUILT and the POWER of sin. Jesus DESTROYED the works of the devil on calvary (I John 3:8). When you are unsaved, sin hath dominion over you. Sin is your boss and you can't do anything BUT sin. You are under the wrath of a holy and just God. Murderers, thieves, fornicators, lovers of pleasure more than lovers of God, rebels, and all other spiritual lepers will not inherit the kingdom. The blood of Jesus is the propitiation for our sins. That means the blood took away the guilt of the sins we've committed AND it has ushered us into a Father child relationship with the Lord. Through the blood of Jesus, we are to serve sin no more.

Again, the Father sent His only begotten Son, Jesus who is God, to die in your place. Remember that the wages of sin is death--that is why He died, to pay YOUR wages. The Lord Jesus Christ was your substitutionary sacrifice. The world's greatest love story is summed up in the following verse--

For God so loved the world, that he gave his ONLY BEGOTTEN Son, that whosoever believeth in him should not perish, but have everlasting life. (John 3:16)

Jesus said, \"Greater love hath no man than this, that a man lay down his life for his friends.\" (John 15:13) How can you show more love than giving your very life for someone else's life? You can't. What is more amazing is that Jesus died for us WHEN WE WERE HIS ENEMIES! I mean vile, wicked, pitiful, wretched, unclean, unholy, ungodly, prideful, spiritually leperous.

Romans 5:8 But God commendeth his love toward us, in that, while we were yet sinners, Christ died for us.

...Christ died for the ungodly. (Romans 5:6)

The love of God for you was demonstrated on that cross 2,000 years ago! God ain't hateful, He is loving. He gave His Son for you even though you are dead in trespasses and sins.

Ephesians 2:1 And you hath he quickened, who were dead in trespasses and sins;

2:2 Wherein in time past ye walked according to the course of this world, according to the prince of the power of the air, the spirit that now worketh in the children of disobedience:

2:3 Among whom also we ALL had our conversation in times past in the lusts of our flesh, fulfilling the desires of the flesh and of the mind; and were by nature the children of wrath, even as others.

2:4 But God, who is rich in mercy, for his great love wherewith he loved us,

2:5 Even when we were dead in sins, hath quickened us together with Christ, (by grace ye are saved;)

2:6 And hath raised us up together, and made us sit together in heavenly places in Christ Jesus:

2:7 That in the ages to come he might shew the exceeding riches of his grace in his kindness toward us through Christ Jesus.

2:8 For by grace are ye saved through faith; and that not of yourselves: it is the gift of God:

2:9 Not of works, lest any man should boast.

2:10 For we are his workmanship, created in Christ Jesus unto good works, which God hath before ordained that we should walk in them.

Jesus Christ, the Son of God, came to this earth to (1) save you from the GUILT and POWER of your sins and (2) RECONCILE you unto God. Through faith in the blood of Jesus you will escape the wrath to come and joyfully look forward to heaven--and you'll live an overcoming life. God will be your Father instead of your enemy--but only through the blood of Jesus.

..the blood of Jesus Christ his Son cleanseth us from all sin. (I John 1:7)

For the wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord. (Romans 6:23)

After His death, the Lord's body laid in the grave three days, but praise be to God, it did not remain there. On the third day Jesus arose from the dead and was seen by over 500 people (I Corin 15:6) before He went back to heaven.

Please remember that Jesus was not some victim or just a baby in a manger--He was and is the eternal God and Savior who came to earth and gave His own blood for your sins. After He accomplished this tremendous feat, He rose from the dead like He said He would:

"Therefore doth my Father love me, because I lay down my life, that I might take it again. No man taketh it from me, but I lay it down of myself. I have power to lay it down, and I have power to take it again..." (John 10:17-18)

...Christ died for our sins...and he was buried, and...he rose again the third day... (I Corinthians 15:3-4)

Are you ready to repent of your sins? To repent means to forsake your evil ways and listen to God. All your life you've been your own authority concerning what is right and what is wrong. You've made your own decisions while ignoring what the Lord says in His holy word, the Bible. You've served yourself and not God. To repent means that you turn to GOD AND THE BIBLE AS YOUR AUTHORITY. It means you can say, "Lord everything you say in the Bible is right. If my feelings contradict the Bible I AM WRONG. Lord I want to live under YOUR AUTHORITY, not my own."

And the times of this ignorance God winked at; but now commandeth all men every where to REPENT. (Acts 17:30)

...TURN TO GOD, AND DO WORKS MEET FOR REPENTANCE. (Acts 26:20)

Repentance ain't lip service. Are you prepared to live for the Lord? Jesus said this--

"And whosoever doth not bear his cross, and come after me, cannot be my disciple." (Luke 14:27)

Determine that you are sick of living under your own authority. You've lived the way YOU wanted to. You lived without regard for God's precepts. Understand in your mind that you've lived in sin and in the ways of death. Think it through. Determine that you want God to be your Father and not your enemy. Decide that you WANT the Lord and His ways. Satan ain't doing nothing but kicking your hind parts up and down the street. He will leave you destroyed. God will lift you up if you submit yourself to Him.

Friend, you have a choice to make,

keep on pursuing Satan and the fleeting pleasures of sin; or, humble yourself under the mighty hand of God. Further the kingdom of God with power from above. In due time, He will lift you up to places you never experienced--much less knew they existed.

The Holy Bible is the word of God. It is the only way that we know about the Lord Jesus Christ. In the Bible, God testifies that Jesus Christ died for your sins and was buried; and that He rose from the dead on the third day. You must believe and confess this in order to be saved.

[I]f thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath raised him from the dead, THOU SHALT BE SAVED. (Romans 10:9)

Jesus waits with open arms for those that want life. The choice is yours. If you're sick of being alienated from God, if you're tired of what this wicked and perverse world has to offer, if you want Jesus Christ as Lord of your life, if you want to be reconciled unto your Creator, if you want to go to heaven, if you want to escape hell -- put your faith in the One who can do something about it! Do you believe that Jesus Christ died for you? Do you believe that He rose from the dead? Do you repent of your sins? Do you want to follow Jesus?

If so, REPENT and talk to the Lord in prayer in your own words right now. Don't put off making a decision for Jesus, tomorrow may be too late. Some people don't know how to pray. Praying is just talking to the Lord. If you want to be saved, repent and pray--you can say something like, "Dear Jesus, I know that I am a sinner and I want to be saved. I repent of my sins, every one. I don't want to do evil anymore, I want to do righteousness through the blood of Jesus. I'm asking you to please forgive me of my sins against you. I want a new life in the Lord Jesus Christ. I want to be everything that You created me to be. I believe that Jesus shed His blood and died for me so that I could be saved from my sins. I believe that He rose from the dead on the third day. I want to be your child. Thank you for being merciful to me, a sinner. Thank you Lord Jesus for saving my soul from sin. Please fill me with your precious, Holy Spirit so that I can live a righteous, self-denying life for you. I'm giving you myself. Please show me what you want me to do. In Jesus' Name I pray, Amen."

If you have placed your faith in Jesus, praise God, you are a Christian. Now begins your new life of freedom and obedience to the Lord. Now you need to (1) start reading the Bible (Authorized King James Version of 1611--begin with the gospels) and (2) you need to get yourself into a Bible-believing church that uses the King James Bible so you can get baptized and disciplined in the way of Christ.

Dear Dr. Umar Azam:
Assalamu Alaikum,
It is an excellent site.
I have couple of suggestions:
1. The Arabic script does not have the vowels (Irad). Hence it is very difficult for non-Arab Muslims to read.
2. The transliteration should be posted right below the Arabic script or The Arabic Script should be on the Left side and the Transliteration (pronunciation) should be on the Right side, along the the meaning.

It becomes difficult to coordinate, understand and derive the benefits.
May Allah (SWT) reward you and bless you for your great service to Islam.

Jazakum Allah Khairan,
Was Salam,
Dr. Ibrahim B. Syed

Fellow Earthly beings,

This is a nice site. I don't hate Islam. It is another religion. I believe that all religions are formed to better people's lives and not hinder them. Religion brings the best out of a human and keep it acceptable to humankind. That is the bottom line. And I truly believe that Islam is very much for it.

The only fact I don't approve is of Muslims not believing in other religion. I am a Hindu. Just like all religions Hinduism has flaws too. But, if you take some time to read and understand it, you will discover that it is the most logical religion ever found. This is the only religion on earth which is existing for a long time. Hinduism dates far more longer than anyone can think of. Let us consider a small example of the fate of people who were born before Prophet Mohamad. Does God say that all non-Muslims (which includes all pre Mohamad born) will be condemned to hell. Doesn't make sense right. Look at things in a logical way and you will see the light. Come out of your realm and look at options. Options brings out success.

Bottom line: Religion is not written by one man. Religion dictates actions that humans assume which sounds acceptable to the masses. I think that is what God wants. He wants us to live together without hurting one another. That is what religion is all about. Think about it.

Thanks
Shekar

Upon reading: \"Rushdie's 'Satanic Verses',: An Islamic Response\" I fear that I feel much is lacking. Your \"response\" is not truly a response... but the exhibition of your and all muslims' frustrations towards Rushdie's book (and rightfully so). What we really need is a response in the sense of a rebuttal, as I am sure you know that many christian websites answering our religion provide seemingly concrete views concerning the satanic verses. Therefore, we must fight back with even more logical claims instead of condemning certain groups and individuals with an abundance of unproven conspiracy theories.

See the following site for an example:

Jazak Allah for all your effort...

Dear Dr. Azam,

Your website is blatant advocacy of the so called principles of Islam and the kind. The review of Satanic Verses that you \'wrote\' is the most hilarious. It is evidently clear you don\'t possess the literary mind and even the linguistic skills needed to comment on such a work. Phrases like should keep blah blah in his own mind... tell volumes about your inability to understand literature. Even more hilarious is the Islamic miracles section. Who told you the human lungs spelled out Allah... Islam is only 1400 years old... man has been there on the earth for more than a lakh of years.

And the way in which you \'supply\' information to willing \'converts\' is amusing. What a hilarious idea -- all were born Muslims -- they revert. And guess what you didn\'t touch upon the controversial aspects of Islam like female (and even male) circumcision. The truth about conversions to Islam differ from your boastful claim that lacs have converted. Muslims have made thousands convert (and NOT revert) to Islam by threat and by most inhuman ways over so may centuries. Aurangzeb was an example.

Islam is a great religion, agreed. But no religion can wash your sins done when you were of another religion. This would be a convenient thing to do thus... one could convert to Islam the last day of his life and be blessed. Islam might be good, other religions are equally good as well. Agreed there is one God, his name might not be Allah.

There might not be a good even. The Russians could be right even this once.

Assalam aleikum,
I have just visited your website, but i am not sure whether you are still running it - the last msg to your guestbook was long ago. can I be critical? First of all, May Allah reward you for your efforts and contribution to Islam, and be pleased with you and your family.
Secondly I would like to touch soem of the things that you might

consider in improving your webpage.

It isn't user-friendly, there is a lot of information, but it is all-over. Your pages are too long, make them shorter. Try to make your webpage look professional, it is too colourful, and the letters are too big. If possible try to remove the colourtone and make it more eye-pleasant.

I hope you will get my remarks positive.

thanks and all the best.

May Allah be with you.wassalaam

You have written plenty about your dreams, I would like to know meanings of dreams e.g what does it mean to see individual Prophets, Maryam, the Angels to dreamers. To see birds, snakes, water etc. Your site though is informative but very loud. The highlights you used for highlighting text deters readers from focusing on the text. The site needs to be more organised and more user friendly.

assallam allaykum,

since you asked for an honest comment, that is exactly what I will give you. I will not hold back or try to mince words.

In short, the biggest problem I have with your site is your arrogance and your self-righteousness. You are assuming too many things. Especially the part where you feel you KNOW that Allah (subhanahu wata'allah) has a special place in heaven for you. Maybe he does, maybe he doesn't ... that's not for me to say -- and neither is it for you to say that either. ONLY GOD KNOWS.

salaam,
wow, i love the website. very helpful and informative. everything is so easy to read as well. i like the fact that there are many downloads available. i have not been muslim all my life so there's a lot of new things i'm still learning. one thing that i would find helpful is a step by step prayer guide (for women) i have found some but non have been clear enough. i get confused on numbers of sunnah, fard, nafilah, and raket. i don't understand which groups of steps i should repeat. plus, i can't even tell what certain steps make up which group (ie: raket, fard) it would be extremely helpful for myself and i assume other new muslims if u can provide a comprehensive guide to praying. the website is wonderful. i am bookmarking it! walaikum asalaam, lisa

i just want 2 mention what (the writer for ISLAM AND THE YOUNGER GENERATION OF MUSLIMS) Asim Gaffer said,

\\"F. So many young girls today grumble, curse and go in a bad mood if they have to help their mothers. They make their mothers do the work even though they are young and have plenty of energy. They just watch TV, go out with friends or listen to music. By helping their mothers, not only will they get SAWAB from Allah, but the housework will train them to run their own households when they marry, this is essential if they are to look after their husbands property and have a happy married life. If they are of good character themselves, then they will be able to train their daughters adequately too.

So, if you are a girl, it is very important to help your mother with the housework and to obey your parents at all times. Similarly, a woman will go to Paradise if she keeps her husband pleased with her, looks after his property while he is away, and happily does the housework in her own household [not asking her husband to do the housework without good reason i.e., if she is expecting].\\"
i find this quite offensive and sterotypical.

1. the house is not his property, it is the husband AND WIFE\'S home
2. the husband must please the wife same way she does.
3. As they both live in the house, it is his responsibility to kep the house looking nice (why does the wife need a good reason to ask her husband to clean???)
4. Asim Gaffer obviously doesnt know young girls. Those who do not respect their mothers are anomoly\'s

I am not attacking Asim Gaffer as he does have a lot of knowledge about islam, obviously not about women in islam.

Assalamu Alekum Umar Azam Sahab,

I am from eastern India, where muslim population is 10% and rest is hindu and jesus and other ,I go th of ur webside and it iss very appricable that u raise voice against injustice on muslim , In our religion peace and love to other is necessary . But in current days in India is sevearily affected by the terrorist ffrom Pakistan which break the most good relation between muslim and hindu after the independance in early 50 there is some disputes is there but latere daays it cover with good relaton . The muslim terrorist whichn is call him as terrorist in India and some fondamentalism people say him as Jehad for rhe muslim and give him money and all benefit which is required and they cross the border and do bomb blast in India andf after that when police fine his name he is muslim wheather he is from afgan or pakistan or Indian muslim . After all he is muslim for that here muslim populatn os 13 crorer app which is almost 1.5 time s of pakistan population. In the lower level !
in villages and urban areas people fill odd when any muslim come to him aor see the prson wearing cap and beards shouted very wrongly in local languges .

Ok I write very mush If u wnt all details about the present muslim status and the future then I give u all details what evere is nessary .

It is better to go through the website before rendering a comment. My

suggestion is that the signing be done maybe half way through the site or at the end.

salams brother. i love the site. personally, the only fault i see is
the background highlighting of the words. but the rest is great. i
found the highlighting slightly moving the focus from the meaning
behind the words to the words themselves. but that\'s just my
opinion. i hope you continue with your efforts. mashallah, you\'ve
done a great job so far.

The best part for me was \'Palestine\' because it made me appreciate the extent of their (the Palestians) suffering under zionism. The content generally is excellent while the \'look and feel\' needs to be bought \'up to date\'. The use of multiple coloured text paragraphs in upper-case is unusual and some work may be needed to prove this technique is effective for those that need visual aids.

Salam,my apology if i may not speak to you in writing of correct grammar and english, for i\'m definitely fluent on it,you know, your -email to me really help me, i have been wanting to see things like that for years,and alhamdulillah you were an instrument for me to see those stuffs you have sent me,it helps me in my understanding about islam,although i\'m a practicing muslim,especially the prayers, it is complete,it has arabic text with tanslation and pronunciation in english text but read in arabic language,and timely it is ramadhan, ins\'ALLAH it will be so useful, it can be easily to shared with friends and even kids can read them, i dont know if words are enough to reach you my gratitude. shukran.i\'m hoping to hear from you again...happy ramadhan! one more before i go, i wonder if you could send any readings on women, the wearing of hijab, that maybe i can reproduce in a form of pamphlets, so in my little way i can distribute them at mosque before taraweeh prayers, se!

e a number of women donot understand the essence of wearing hijab, why women are prescribed to wear clothes when inside the mosque,it has been like this every after taraweeh prayers, some women wear prescribed clothing for prayers, definitely no flesh can be seen,that would be fine only durng prayers but after when going out frm the mosque, some women came out wearing their usual jeans,t-shirt,oter wear clothers that what is from underneath are can be seen by naked

eyes, so i thought maybe readings i mentioned above would somehow enlighten them, ins\'ALLAH. again shukran and wassalam.

I thank you for sending me your rich and highly informative material on Islam and for further invitng me to your website. May Allah continue to bless you for the great job you are doing in the name of Islam.

Personally I have learnt a lot since receiving your material and I hope to continue studying and learning more from your material amd website. The pictures depicting Allah\'s miracles are really thought-provoking. I don\'t read nor understand Arabic so my knowledge about Islam is acquired thanks to the great work of people like you who are providing the means for us to improve our Islamic knowledge.

There are many muslim youths in Ghana who do not have access to the internet and since seeing those pictures I have been wondering how I could get this info to them. I have thought of putting all the pictures in a calender form so that each mosque would have one on its wall for the benefit of the congregation. This is one way I hope to use the info you sent me. I will keep you updated on the outcome. Thank you so much for the opportunity.

Finally, thank you once more may Allah Almighty guide us on the right path - Islam, forgive us our trespasses, admit your beloved mother who just passed away in the garden of Paradise.

Assalam Aliakum Dr Umar Azam may allah bless youre noble work and future endeavours, it was a great joy perusing through youre dream journal, you are so candid and open with youre visions, I especially enjoyed the section on visions of paradise,palaces, beautiful women etc, I too share youre passion for dream interpretation and feel humbled with the majesty and splendour of youre dreams, you should continue with youre work and trust in allah to make youre dreams a reality. I also have a few suggestions about how tom improve youre website: 1} There should be a journal entry for people who have dreams and then you can selectively interpret ones that interest you 2} You should collect the works and sayings of other famous and accomplished islamic dream interpreters both modern and historical 3}You should provide arabic or english renderings of various nobles duroods,surahs\'s,religious materials that augur and help having/receiving good dreams.I hope this list is far from exhaustive!!!??? and may allah reward you from his infinite bounties and rain on you his infinite mercies.Ameen

My older (15+) students might find your site interesting if only to see how biased and one sided it is. This is not a balanced or thoughtful programme, nor is it academically useful for students engaged in a critical study of religion - by \"critical\" I mean to judge, weigh up & evaluate i.e. in its philosophic sense. However the site is useful for students to see just how uncritical many Islamic sources can be e.g. the section on Rushdie which I find quite frightening and threatening. Christian websites (not the evangelical ones) are much more balanced and helpful for serious academic study. Your site, like a very evangelical Christian site is not a good starting source. The problem is that your site is from a faith stance, which is fine for believers but not academically curious outsiders. Now what would be really useful is a site on Christianity written by YOU and I write the site on Islam ! That way we might get 2 sites that are useful for unbiased and objective study !! I am a trained theologian and philosopher with no particular religious stance - especially in the classroom. (I happen to be an Anglican by background) but this is irrelevant to my work in school. My students learn about all religions in an open and broad way. Your site will be useful but I will need to point out the heavy bias. I am by training sceptic/critical and objective. There are many excellent text books on Islam - the one we use is written by a muslim yet you would not know it from the text (just the author's name)

Salamalikum, i really like your website I have also conducted a big research on the aspects of Dreams in Islam and the Role of Dreams in Islam and the Reality of it. Alhumdillah I have gained a lot of information and I have written a book but I have some questions concerning my dreams, I need to know if you are an interpretator or

you know someone who is one? Also all those dreams that you posted they are for real? Like they are like your True Dreams or Visions from Allah swt? Jazakallah!

This site is more than a site. It is a site that muslims & non-muslims should be proud of. There u see things you can never imagine, write-up that is soothing the body and soul and also increases u in islamic knowledge. And if u're a non-muslim, it provides u with more than enough information about Islam. There u know the meaning of Islam, the teaching, the tenets and Islam in practical aspect. May the Almighty Allah continue to increase in knowledge the owner of the site (Dr. Umar Azam) and make the site for him an act of Ibadah both in this life and life to come. Massalam

I take exception to your inherent unimportance to the Holocaust.

Your people should be ashamed of themselves, the Arab wealth has done little to appease the conditions of their own, the Palestinians. Your last leader Arafat, squanderd millions of dollars for his own use, and uniquely took control personally, of any funds that were left over.

He lived in lavish circumstances, whilst happily ensuring the poor he headed became poorer. The Israeli Government allows free medical health care to any Arab living within its borders.

It is individuals like you who behave without any compunction to apply total blame on one singular reason, the state and existence of Israel. The recent behaviour of arab extremists colours the humanity of the western world, with a negative attitude towards your faith. And you are perpetuating extremist views and thus negative reactions to your preaching.

Aasalamualaikum,

Many thanks for replying to my request.I visited your website and i
must congratulate you on such a beautiful endeavor.May God bless you.

I surf many islamic sites and also participate in different
discussions.The material, information is good. Different sections in
the website are brilliant. The idea of having a compition is what i
usually do not find in other websites. This is quite encouraging.

The idea of having a seprate section on Palestine rose my intrest and
i would like to say that there are many conflicts around the world

that involves a muslim nation. I am a Kashmiri, i do not know whether you know about the Kashmir conflict or not. But i hope to see a separate section on the conflicts where we can put our information, suggestions and also participate in trying to resolve by our little efforts.

What i suggest you is if possible, include a discussion forum on your website. And also, unnecessary use of colour in the background, please avoid this. Otherwise your site is one among the best, in my opinion.

Allah Hafiz,
Safiya Lone

assalamualikum, this website is excellent. mashallah. i found all information very useful. this site is making me think more about islam and where i want to go from here. i need to increase my good deeds and and not tempt myself into doing bad deeds. i definitely need to make changes to my life in order to please allah and my mom and dad, because at the moment all im doing is disappointing them. your website has encouraged me to follow the right path and to not go astray. i've been lying to myself all this time and i need to face reality and this is my only chance to make things right. thank you soooo much for creating a website like this. jazakallah khairun.

I learned that ALLAH created us and everything in the universe as shown in signs: the ear has the name of ALLAH written in arabic; the oceans show the name of ALLAH in arabic as well as the clouds and also the in our lungs the phrase there is no God but ALLAh. Surely these are signs for the believer as well as the disbeliever, that ALLAH is the name we should call on God to receive our blessings!!

Since recovering from an illness(I was diagnosed with Auto-immune Hepatitis),I very much thought about life and death and if I was to die then how would I present myself to my Lord?I started to question my religion, am i a muslim by chance(born in a muslim)or by choice?I decided to research into this Islam and Taweed and realized that I have much to learn in the way of Allah all Mighty in this life, so I may have a chance to spread the word to my future children(inshallah).I came across this website by chance!But thank Allah for his endless Mercy in helping me on the straight path of guidance and in becoming a muslim from the heart aswell my actions.I particularly found the prayers in Islam to be of great benefit to those who take the time and effort to make dikr of them, much appreciation goes to Dr Azam(may Allah reward him well)!I have managed to print these and always try to make the time to sit and recite them daily.I would very much like to see more of these kinds of!

duas and supplications with their narrations etc as they are invaluable to us in the benefit which they reap.Also as a member of the younger western generation, your website has provided me with a LOT of significant information and i can proudly say that i am a muslim by choice rather than chance!Many thanks for your work in the way of Allah and I pray that Allah may grant you a long life for righteous deeds(Inshallah).Thank You.

Assalamu Alai kum wa rahmatullah wa barakatuu. dear dr. azam may
ALLAH reward you for spreading light into this world by all
information given by you to us about our religion. I am myself a
kurdish woman, brought up in Sweden. My parents have always been
believers but never practised Islam. they told me about God Almighty
and his prophet and that was it. As long as i can remember i have
believed and have always turned to God in every situation....i really
believe that a child knows hers or his creator but as she or he gets
older with time (if becoming a disbeliever) gets led astray by satan
himself. I have always been interested in dreams...mostly because
i've dreamt incredible dreams...true dreams including seeing the
prophet(pbuh) we where in amosque together and he put his hans over
my shoulders. he was flying in the mosque. i remember waking up with
so much love for him it hurt.i remember as i was of seven years of
age i had recently learned my first ayat wich was al fa!

teha, i dreamt of reciting it in front of a doll who\'s mouth were sewed together as i kept on reciting...unbelievable i was seven.....i taught the ayat by my self..when i read your writings on dreams i was really touched,moved and impressed. dear dr just a week ago i dreamt about a grave yard with 4 graves on it. it was dark in my dream and i was retiring to sleep in the grave yard...when i looked upon the 4 graves i became curious and went to look at the names of the stones but woke up before i could. i remember the stones being very close to each other and in a row.....they were very big....do u understand my dream? could you give me any interpretation please.....may Allah reward you with his blessings dr umar....please keep on the good work cause ALLAH WILL TRULY GRANT YOU BLESSINGS IF YOU SPREAD THE LIGHT OF TRUTH.....AND SECONDLY what do you think about rashad khalifa? wa salam

I personally found this website very interesting one because of its
Islamic content and its informative nature. I see a very sincere
effort towards preaching Islam globally.

I would like to see daily mailing kind of a service from this website where people could subscribe to the mailing service and they can get daily mails. With this, I think people could be made more aware of Islam from the mails every day. The mails should be short and easily understandable.

I encourage you in your very sincere efforts.

Masha Allah your website is excellent.
As a journalist please educate muslims not to believe in every thing spread through media. Kindly request muslims to stop degrading muslims & themselves which creates inferiority complex, through your articles. Anything repeated several times becomes a reality, & that's what happening.

Dear Dr.Umar Azam,

Its great pleasure to see that you are tryrng to something for Islam, it is also a service. Its OK. But one thing I would like to make you understand that today the need of the every single muslim is to follow or to practice Islam in real life for that The Holy Quraan and the Hadis S.A.S. is there to guide. But no body can control the desires and feelings except who is behidn to make (ISLAH)true path (the path of Success)to follow the successor in past ASAHAB RAJIALLAHU ANHUAJMAIN.

I request you to kindly visit the palace in India,called (Banglewali Masjit in Hajrat Nizamuddin Area of New Delhi. It is the centre of whole world (MARKAZ) for DAWAA and Tableegh. Please I request you to visit once in your life but as early as possible. The air of life of every Muslim is to live life as per the instructions of ALL MIGHTY ALLAH and the way of Propfoem Mohammed S.A.S.

I wish you all the best for your air and goals.

Dear DR Umar Azam:
As Salam alaikum.

I have always been interested very much in dreams, and believe in them. I was very much interested in the entire collection of yours, but I will be reading them one after another as to understand that much better.

What I didnt understand was a conclusion that u made:

Holy dreams are crucial to help a person through the vicissitudes of life on Earth. Amongst many fuctions, Holy reams: * instil ambition in a person * encourage good deeds through their tidings of celestial reward * comfort a person when he/she is devastated by problems * make it clear that, at all times, the Inspiration of Allah Most High and the affection of the Prophet Muhammed [PBUM] are close by.

In a worldly life that can change for the worse at any time, the reassurance of dreams is always comforting!

What did u mean by Holy dreams? Do u mean taht they are PURE dreams? coz there are some dreams that are like a seal in my heart and mind and I have no clue as to what they mean. But when I am down ..they just come to me or I don tknow if I think of them, and they jsut make me feel better and stronger, though I dont know the interpretations but the picture that they have given me in my mind and the interpretation that i get with those things are comforting. Allah

knows best waht they are. So that was somthing I didnt understand waht u meant by \"holy dreams\" and also one
THE FOLLOWING IS A CASE-STUDY OF SEVERAL OF MY OWN DREAMS WHICH HAVE TURNED OUT TO BE THE OPPOSITE OF 'MEANINGLESS' I.E. 'MEANINGFUL'

U have pointed out the dreams which appear to be having a meaning similar to the dreams, but i didnt understand the reason for writing as \"meaningless\" .

I also had a look at dreams in islam- conclusion but fail to understand the number and what dreams you were talking about.. it says from number 1 to 212.. and has a huge list of terms for it.
EXAMPLE is below
DREAM NO. SIGNIFICANCE

1 Good deeds -- Pleasure of Allah -- His Reward (Sustenance--River of Milk--Beautiful Wife as Pure and Holy Companion--Blessed luxury which is eternal, also symbolised by pearl necklaces, earrings).

2 Belief in Hereafter --- Praise of Allah --- Pleasure of Allah--
~Beautiful Wife -- Blessed Wedding
and unfortunately I could not find any

5. \"Kaaajal\" or mascara (not that of this world).

6. When the eyes are closed, there is darkness. This darkness vanished, and the vision came
I faled to get where did the term \"kaajal come from\"??

This site is really interesting for people who believe in dreams. I hope and pray that I get the knowledge to find the meanings to mine!

Insha Allah.

As you have asked for suggestions.. I would like to see the terminology for the common things and a meaning for it. from common examples like flying, cloth, or flowers, eating, or anything like that. general terms and their meanings . Thank You!

MAY ALLAH ALMIGHTY BLESS U ABUNDANTLY IN THIS LIFE AND IN THE AAKHIRAT.

Khuda Hafiz!

MashAllah, I just read some of your work on dreams, particularly political and dreams of career. MashAllah your work in those pages has good information. The presentation of the website could be improved, it looks a bit unprofessional, but I realized that once I started reading, I had to stop myself since a lot of info was interesting.

I think you should somewhere talk about relativity and how it is discussed in the Quran. Special Relativity by Einstein is one of the confusing topics but when I discovered how in the Quran it is mentioned about Universe contracting, and popular scientists stating that if Earth contracts then time will go back, then I realized how Allah SWT means that if time goes back then dead people will be Resurrected inshAllah.

I am myself trying to research further about reality. I just got to know this a few days ago.

JazakAllah Khairan for this wonderful site. MashAllah the knowledge of it is good, the presentation-however-is not.

Assalamualaikum.
I am very greatful to u sir for considering my request and i am very proud to be a part of ur concern.
This is an exciting site for those who r really eager towards the

knowledge of islam & also beneficial to non-muslims who has wrong impression about the divine religion ISLAM. though i have not read the whole contents, but i can say one thing. It's an amazing and tremendous effort by u & ur companions in launching this website.

I as a muslim think that it's time for us to know something about our own religion apart from worldly science & transactions. Though the world has revolutionised so much in the field of technology but it is still far behind the goal of humanity. & i think a knowledge of this kind as presented by u will help a lot in fulfilling this dream for in this present world there is destruction every where.

I will try to grab as much knowledge as possible from ur site for this is just a beginning. INSHA ALLAH.

May ALLAH'S grace always be upon u.

hope u will keep in touch with me.

Thank you.
